Forecast For East of England
Issued by Met Office Exeter
at 0400 on Wednesday 21 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Wednesday, cloudy morning, sunny spells developing later. Feeling cooler.

Today:
A cloudier and cooler day, with the odd spot of rain possible during the morning. Cloud gradually breaking from the north later, with sunny spells developing. Maximum temperature 13 deg C (55 deg F).

Tonight:
Dry overnight with long clear spells and winds falling generally light. This will allow temperatures to drop with a widespread frost developing inland. Minimum temperature -2 deg C (28 deg F).

Thursday:
Dry and fine with long sunny spells, a little patchy cloud at times near the coast. Warmer than Wednesday inland, but feeling cooler on coasts with a light onshore breeze. Maximum temperature 13 deg C (55 deg F).

Outlook for Friday to Sunday:
Continuing dry with pleasantly warm sunny spells but also cloudier at times, especially near the coast, where a cooler breeze may develop. Frost still likely overnight where skies clear.
